

Statement of CEIAG provision

The Careers Education Information Advice and Guidance programme at Arbour Academy aims to make a major contribution to preparing young people for the opportunities, responsibilities and experiences of life. It aims to help pupils develop the knowledge and skills to make successful decisions and manage transitions as both learners and workers. It complements the belief that, certainly for our pupils, destinations are as important as qualifications.

All pupils in key Stage 3 and 4 will:

- Learn about careers and the world of work
- Develop career management and employability skills
- Develop themselves through careers and employability education

Key stage 4 pupils will also undertake a work experience placement.
